

A network diagram consisting of several nodes connected by lines. The nodes are represented by small, round, translucent beads in various colors: blue, green, and yellow. The lines are thin, brown, and appear to be made of a natural fiber or twine. The nodes are arranged in a roughly circular pattern, with some lines crossing each other. The background is a light, neutral color, possibly white or light gray, which makes the colors of the beads stand out. The overall aesthetic is clean and modern, suggesting a focus on connectivity and structure.

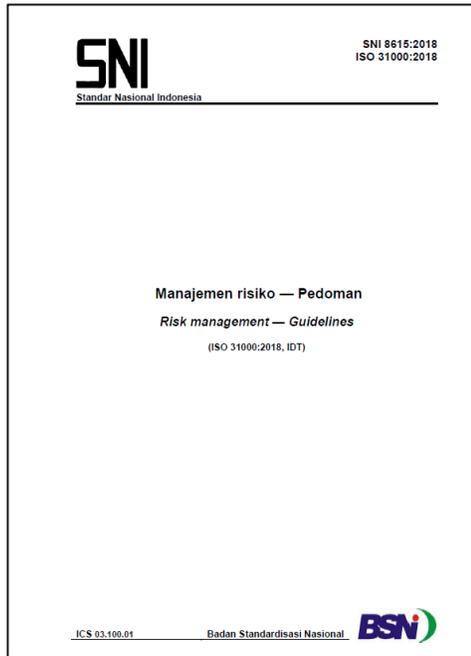

# MEMBANGUN BUDAYA SADAR RISIKO DI ORGANISASI

OLEH:
